Crouch Hill	91.2%
Stratford	93.7%
Liverpool Street	86.7%
Holloway Road	98.1%
Caledonian Road	98.0%
Hoxton	90.9%
Shoreditch	94.6%

ATTENDANCE CLASS WINNERS

All classes were entered into a draw where the children have had 100% attendance. The winners for week ending 24/01/2020 were **Caledonian Road**. Well Done!

YEARS 3/4 SWIMMING

If your child goes swimming on Thursdays, their swimming kit must consist of a proper swimming costume, towel and plastic bag for wet things. Children are responsible for their possessions. Unfortunately, the children will not have the opportunity to dry their hair, as we have limited time at the swimming pool. Thank you!

BALL BEARING MAGNETS

Some children have been bringing ball bearing magnets to school. These magnets ARE NOT allowed in school as they could be potentially dangerous i.e. getting stuck in children's ears and noses. If a child does bring them into school they will automatically go on "Red Card".

*****CLASS NEWS*****

Nursery/Reception

This week we have been reading The Gingerbread Man. We made the batter and after we put him in the oven, he ran away! We have been looking for him everywhere and the children have been making posters and letters in the hopes of him coming back. He did, and we decided not to eat him, but made our own. In Maths, we have been focusing on numbers 6, 7 and 8, and learning to use Mathematical vocabulary with addition.

Year 1

After being so familiar with the story of Rapunzel, we decided to create a twist to the story! We have created our own version of Rapunzel, by introducing different characters and settings. We have also been learning about British money, where we can identify the value of the coins and notes and even count how much money there is. In R.E., we have been looking at how Chinese New Year is celebrated, children were very excited as they watched a lion dance performance and a dragon dance performance, so they made their own dragon. In Art, we made crowns, pretending to be kings and queens. We will be going to the Park Theatre next Friday and the children are very excited!

Year 2

What a great week of challenge in Year 2! In Maths, we have been learning about inverse operations between division and multiplication. We have learnt how to divide by sharing and grouping. In Literacy, we have been writing setting descriptions, using powerful adjectives, similes and alliteration. We have been learning lots more in our P.E., Science, PSHE, Topic and R.E. lessons. We wonder what your children enjoyed the most!

Year 3/4

Year 3 and 4 had a wonderful time this week at the British Film Institute completing a workshop about using film in Literacy. Their behaviour was superb and they really enjoyed analysing many different types of films, some of which were over 80 years old! In class this week, we have been focussing on multiplication in Maths, planning a newspaper report in Literacy and learning about volcanoes and earthquakes in Topic. In R.E., we have been learning about Hinduism and in PSHCE we have been learning about fair trade.

Year 5

This week in Year 5, we have been preparing for our trips to the Museum of London by researching Anglo-Saxon food and daily life. We have been using our research to begin writing our own non-chronological reports in Literacy. In Maths, we have been comparing and ordering fractions and in Science, we have been investigating the effect of filtering on soluble and insoluble materials.

Year 6

This week Year 6 have been studying Geometry in Maths. We have investigated angles in triangles and applied problem solving skills to questions about angles. In Literacy, we have started a new unit of setting descriptions - we will be describing settings in the future affected by climate change.

DATES FOR YOUR DIARY

Thursday 5th March	World Book Day
Monday 16th- Friday 20th March	Shakespeare Week
Wednesday 6th May	Year 5 – Into University
Wednesday 8th July	Year 6 School Journey
