

## Key Vocabulary:

**Capital city:** the primary city in a country which is usually a focus for a country's political, economic and cultural activities. The four capital cities of the constituent nations of the UK: Belfast (Northern Ireland), Cardiff (Wales), Edinburgh (Scotland) and London (England).

**Function:** the main activities or purpose of a settlement. E.g. residential, industrial, commercial and recreational.

**Housing types:** terraced, semi-detached, detached, flats or bungalows.

**Inner city:** an area next to the city centre. Many inner-city areas are characterised by older and often terraced housing, although a number have been recently redeveloped with more modern buildings.

**Land use:** the way in which land is used by people (such as parklands or farming).

**Market:** the place where goods are sold.

**Rural:** relating to the countryside.

**Service industry:** work such as retail, administration, education, healthcare or tourism.

**Settlement pattern:** the shape and spacing of settlements, settlements might be linear (such as following the path of a road or river), dispersed (such as a number of farms), or nucleated (such as a densely settled village or town).

**Settlement:** a place where people live, which can be categorised into villages, towns and cities.

**Shopping centres:** shopping areas that are characterised by being undercover and having ample parking.

**Site:** the location of where a settlement first started.

**Situation:** the location of a settlement in relation to the surrounding area.

**Suburb:** the residential and commercial development at the edge of a city.

**Urban:** relating to a town or city.

**Urbanisation:** the increase in the percentage of people living in cities
